2015 Aerial view of Harmony Demonstration Gardens

Entrance Garden

July 2008 Pergola structure installed

Showcases a mix of perennials, bulbs, grasses and some shrubs.
The Pergola is covered with clematis and wisteria vines.

Harmony Pavilion

2002-2003
Pavilion constructed

2012
Addition of Greenhouse

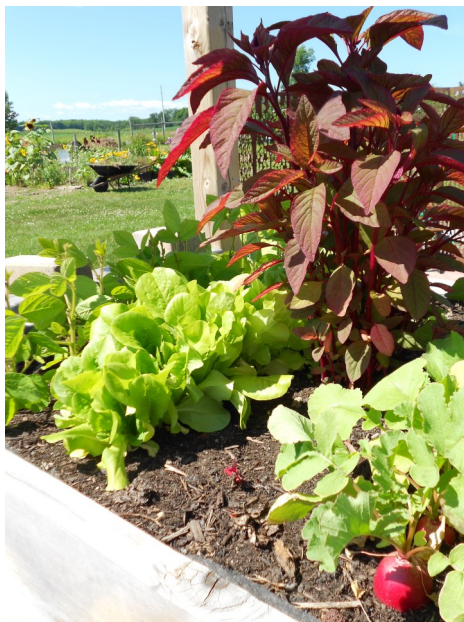

Has proved to be a wonderful facility to hold meetings, events, and a place for volunteers to get out of the sun or rain while working in the gardens.

Enabling Garden

Constructed in 2012

This garden is a demonstration on how those with limited abilities can still garden.

Tool Shed

Built in 2008

by skilled Northern Lights Master Gardeners
